

Job Title: Maintenance Technician/Mechanic

Employment Type: FULL TIME

Salary Basis: HOURLY

Job Description:

Fort Recovery Industries is currently interviewing for Maintenance Technicians! This is a multi-skill/multi craft position and the ideal candidate will have 2+ years of Industrial Maintenance experience. The Maintenance Technician is responsible for maintaining a wide variety of systems and equipment in a safe and efficient manner. Those systems and equipment include but are not limited to: Die Cast Machines, Trim Presses, Robots (Fanuc), CNCs (primarily Fanuc controllers), Metal Furnaces and Launders, Vibratory Finishers, Buffers, Electroplating equipment, Machining Work Cells, as well as Building Systems.

Skills Necessary:

-Working knowledge of electrical systems and components including single and three phase voltages, A.C. and D.C. control circuitry, as well as the use of drawings, prints, and electrical test equipment needed to diagnose problems. Familiarity with the National Electric Code and safety procedures.

-Working knowledge of PLCs-(primarily Allen Bradley), VFDs (primarily Allen Bradley), and Servo Systems (including CNCs and robots).

-Working knowledge of complex hydraulic and pneumatic systems and their components (pumps, valves, cylinders etc.) along with the ability to read the prints.

-Working knowledge of mechanical components and systems (bearings, shafts, belts, ball screws, pulleys, etc.) and the good work practices necessary for repairing and maintaining them.

-Ability to fabricate and/or repair components and equipment with the use of MIG and SMAW (stick) welding as well as gas cutting torches.

-Working knowledge of plumbing and pipe fitting.

This is a great opportunity with a stable company for the right person! If you have all or some of the desired skills, the desire and aptitude to learn and grow, a strong work ethic, and a positive can do attitude apply today! Mechanic rates begin at \$18/hr with high potential for promotion! Technician rates range from \$21.50-\$25/hr. with option for promotion to a Master Technician rate beginning at \$26/hr. With our new wage & company-paid training program, the opportunity is better than ever and your power to promote is in your hands!
